Skills

Odoo ERP Navigation & Consulting • Web Development & Maintenance • Instructional Media Creation • Data Management & Control • Digital Skills Training & Instruction • Business Process Optimization • Communication & Collaboration

About

Odoo-trained specialist, Web Developer, and Client Support Specialist with a proven track record of solving real-world operational challenges. Formed and mentored within Learning Lions, I combine technical implementation in Odoo ERP with digital media creation and learner-centered instruction. My end-to-end understanding of internal systems allows me to simplify workflows, support teams, and hit the ground running without onboarding delays providing maximum operational return with minimal overhead.
